### Agreement in Lieu of an Erosion and Sediment Control Plan

Type of Project:

Single Family Residence Construction or Demolition: \_\_\_\_\_

Address of Project: \_\_\_\_\_

For the projects listed above, an Agreement in Lieu of a Plan is an acceptable alternative to the preparation of an individual erosion and sediment control plan. This agreement is meant to streamline and expedite the permit approval process by eliminating the plan preparation requirement for applicants. This agreement is a contract between the City of Norfolk and the applicant which specifies erosion and sediment control measures and standards that must be implemented. Prior to issuance, the applicant must first read, understand, accept, and sign the following declaration:

I agree to comply with the limitations and conditions of this agreement as outlined in the attached *City of Norfolk Standard Erosion and Sediment Control Note for Demolition and Single Family Residence Construction*, dated \_\_\_\_\_, and to limit and control off-site sedimentation. In addition, I agree to comply with any and all requirements determined necessary by any City of Norfolk Inspector if, upon field inspection, the measures employed on-site are found to be ineffective at controlling off-site sedimentation. Such requirements shall be based on the standards contained in the City of Norfolk's Erosion and Sediment Control Ordinance (City Code, Chapter 15), the Virginia Erosion and Sediment Control Laws and Regulations, and the latest edition of the Virginia Erosion and Sediment Control Handbook. These standards represent the minimum practices necessary to provide adequate control of erosion and sedimentation resulting from this project.

I have read and am familiar with the erosion and sediment control standards contained in the *City of Norfolk Standard Erosion and Sediment Control Notes For Demolition and Single Family Construction* (attached). I also understand that failure to comply with the conditions of this agreement could result in citations for violations of the Uniform Statewide Building Code, Erosion and Sediment Control Ordinance (City Code, Chapter 15), and other applicable City codes.
